October 18, 2017 Steve Pike

Coral Hospitality ([www.CoralHospitality.com](http://www.CoralHospitality.com)) has completed the second phase of its improvement project at Rosedale Golf & Country Club in Bradenton, Florida. Updates made during this recent phase, which represented a \$750,000 investment, include a full interior renovation and design enhancements at the 22,000-square-foot clubhouse including the lobby, restaurant, bar, community room and pro shop.

“Rosedale Golf & Country Club is truly an incredible country club and we are thrilled to be able to provide our members and guests with an exceptional club centerpiece to socialize, dine and celebrate,” said Christopher Schaeffer, president of Coral Hospitality, based in Naples, Fla. “We were privileged to partner with a world-renowned designer, Clive Daniel Hospitality, to transform Rosedale’s clubhouse with a clean, transitional design.”

The newly refreshed clubhouse inspires casual elegance with a contemporary coastal style. The design seamlessly incorporates natural elements that bridge the gap between the Club’s indoor and outdoor spaces. The grand entrance experience at the main lobby features white stone walls, sleek floor and wall coverings, fresh new art, welcoming furniture, lustrous lighting and more.

Other changes include the addition of a new 100-inch-wide, wall-hung fireplace in the bar, which is complemented by a matching 60-inch wall-hung fireplace in the main dining room. A 72-inch round contemporary crystal chandelier adds a bit of glamour to the space and illuminates the Club’s newly added, custom-designed carpet featuring a floral motif, and new tables, chairs and tableware.

Rosedale Golf & Country Club features a par 72 course with a 22,000 square-foot clubhouse and bistro patio, as well as a Junior Olympic-sized swimming pool, five lighted Har-Tru tennis courts and fitness center.

This second phase of renovations at Rosedale Golf & Country Club represent part of an overall \$1.5 million investment at the property since CH6 Rosedale acquired it in October 2015. Coral and its equity partners have launched an aggressive golf growth strategy, committing \$150 million and targeting South Florida-based courses and clubs between Tampa and Naples.
